Description:

On a beautifully proportioned plot of approx. 21,000 m² near Ses Salines, this modern finca in Mediterranean style was built in a U-shape and according to the principle of a hacienda, with a living area of approx. 465 m², patio, several terraces, 5 x 15 m pool and fantastic views of the Mallorcan landscape.

Through a representative entrance you enter the house and will directly be welcomed by the spacious bay window, which floods all rooms on this floor with natural light. The fascinating room heights are immediately noticeable. The

ground floor is divided into 2 wings, with the large living-dining area with fireplace in the east wing. From here you have direct access to the south terrace, which was designed as one of the most important elements of the property and exudes a unique coziness. Here there is space for a huge dining table for 12 people, the summer kitchen with lounge area as well as several lounging areas by the 75 sqm pool.

The northern part of the house houses two of the five bedrooms with en-suite bathrooms, one of which has its own terrace. Furthermore, you will find a video room, an office, a fully equipped fitness room (15 m²), a sauna as well as an outdoor yoga area (12 m²) on a high-quality teak terrace.

An impressive semi-floating staircase leads to the bright upper floor with access to three further bedrooms, again each with en-suite bathroom. Here you will also find two further terraces with views of the wonderful landscape.
