Description:

This completely renovated finca with big guest house and two pools is definitely something else.

You will enter this property on a 44.000 m² plot through one of its two big wooden gates. Once entered, you step into another world. One will immediately feel the tranquility and privacy of this rural and spacious estate.

The fully equipped kitchen in this finca is the central point of the house, from here you have views to the garden, the big

infinity pool and towards the sea. The main house offers three bedrooms, each with en-suite bathrooms. The master bedroom is connected to a private dressing room, a bathroom en-suite and even an outdoor shower. Many tasteful details are made with high-quality historical materials. A cosy living room with open fire-place is separated from the television room.

The garden surrounding this special property is very well maintained with local vegetation and many exotic plants. There are multiple chill-out places. A big outdoor kitchen with bar and dining area next to the pool creates outdoor living.

The guesthouse with own pool is completely self-containing with its own entrance and outdoor kitchen. Furthermore, it has its own indoor kitchen and four bedrooms, each with on-suit bathroom. The different terraces, lots of privacy and chill out make it the perfect experience.

The big parking in front of the main house offers space for at least six cars and from here it allows you to either enter the house, or the two studios which are used as home office and are connectable.

Both houses have a total constructed area of 680 m² and are fully equipped with floor heating. All bedrooms are air conditioned. This unique property is situated in Morna Valley, near Santa Eulalia that is known for its great gastronomy and special boutiques. Also Morna international college is just around the corner.
