Location:

Capdepera is a beautiful municipality in the far north-east of Mallorca.

The town has not lost its original character. Its narrow streets, the stone houses adorned with flowers and the medieval castle exude history and tranquillity. In recent years, a considerable gastronomic scene has established itself in the village and the surrounding area - the spectrum ranges from traditional cafés and traditional tapas bars to Michelin-starred restaurants.

The hinterland of the municipality of Capdepera is characterized by the mountain ranges of the eastern coastal mountain range of Mallorca - Serres de Llevant. Beautiful sandy beaches, idyllic bays and rocky cliffs alternate along the coastal strip in front of Capdepera. This also includes Font de Sa Cala, whose bay is within walking distance.

Cala Ratjada is just a few minutes' drive away. The town also falls within the municipality of Capdepera and has developed over the years from a small fishing village to a very important tourist center. In addition to its good infrastructure, the town has beautiful beaches and coves. There is also an extensive nightlife that can be enjoyed in numerous cafeterias, bars, restaurants and beer gardens. There are also many stores and boutiques, as well as sports facilities such as tennis, diving, golf and cycling.
