Description:

This well-kept chalet is situated in a quiet location, nestled in the impressive lava landscape. Surrounded by palm trees and lovingly landscaped gardens, the property offers plenty of privacy and the best conditions for a relaxed life on the island.

The house impresses with its spacious layout: two bedrooms, a separate guest room with its own bathroom and a guest studio offer plenty of space for family and friends. The open-plan living area with dining room and kitchen creates an inviting ambience.

The covered and glazed terrace is a favourite place to spend time all year round. With fantastic views over the countryside to the Atlantic Ocean, you can start the day in a relaxed way or end the evening with a sunset.

The plot also offers plenty of space for a vegetable garden or planting more fruit trees. This allows the new owners to create their own little green paradise.

An ideal home for anyone looking for peace, nature and a well-kept environment in a prime location.

Location:

Frontera is one of the three municipalities on the Canary Island of El Hierro and is located in the north-western part of the island. The municipality consists of the villages of La Frontera, which is also the administrative centre of the municipality, Tigaday, Sabinosa and Las Puntas.

El Hierro itself is the westernmost and smallest of the seven Canary Islands in the Atlantic. In 2000, the island was declared a biosphere reserve by UNESCO. As El Hierro has not yet been fully explored by tourism, many places have retained their original character.
