Description:

The beautifully cut building plot with approx. 40.000 sqm is located on a hill between Sant Llorenç des Cardassar and Manacor. It impresses with its location close to the village and the magnificent panoramic view of the landscape and nature.

It is possible to submit a project according to new regulations, which foresee a development of about 1.5% of the plot area for buildings and an additional 0.5% for outdoor areas and pool. A maximum volume of 900 m³ may be built. This results in this case in a building area of about 300 m² plus about 80 m² for outdoor areas and pool.

The property has its own well and is perfect for all nature lovers!
