Location:

Although Puerto de la Cruz is the smallest municipality in Tenerife, it has such attractive places as the listed historic centre or an extensive stretch of coastline for long, peaceful walks. Situated on the coast of the La Orotava valley, the town is nestled in an impressive landscape with Spain's highest mountain, Mount Teide, rising above it on the horizon. Its pleasant climate made it the first tourist centre in the Canary Islands. The mixture of flower gardens, black sand beaches, the seaside shopping area and the picturesque cobbled streets enchants visitors and offers them a wide variety of activities for the whole family.
