Description:

In the centre of Santa Eulalia we find several parking spaces that could serve as a great investment!

Still under construction, but soon to be delivered, these parking lots are near to all amenities that Santa Eulalia offers. Next to the ground school, the police station, as well the supermarket, the new market, theses spaces could facilitate your needs to have an own parking space in the middle of town in the busy centre.

The spaces vary in sizes and easy parking from a convertible, limousine up to a SUV.

A great opportunity also for investors because there are still plenty to choose from and have a great rental return.

From € 46,000, depending on the size of the parking space.
