This property offers the freedom to build up to 220 square meters of living space and the option to add a pool, providing you with the opportunity to design and create the home of your dreams in a picturesque rural setting.

Although this estate does not have its own water well, it's essential to highlight that all the neighboring properties have one. This ensures a reliable water supply to meet your needs. The estate also boasts a variety of trees, including figs, carob trees and olive trees, making it an ideal place for agricultural projects, for example, a vineyard. Here, you can bring your own vision of Mediterranean nature to life and enjoy the beauty of countryside living.

Furthermore, this property enjoys an exceptional location, just 15 minutes from the beautiful beaches of the region, allowing you to combine rural tranquility with proximity to the sea. On the other hand, it's less than an hour from the airport.

The possibility of acquiring the neighboring plot to the northeast also presents itself as an additional option, allowing you to purchase both properties and build up to 440 square meters of living space. This perspective further expands your choices and design possibilities.

These neighboring estates represent a unique opportunity to experience Mallorcan life in a picturesque rural setting, with the potential to develop agricultural projects and build the home of your dreams. They are the perfect place to create your own paradise in Mallorca.
