Location:

Santiago del Teide is a municipality in the southwest of the island. The stable climate all year round, the beauty of the landscapes and the pleasant water temperatures are reason enough to enjoy nature and the sea in Santiago del Teide. At the higher altitudes, the municipality captivates with its contrasts between the volcanic landscape and the vineyards, almond tree and fig tree plantations.

Very close to the fishing village of Puerto Santiago are the impressive cliffs of Los Gigantes, which reach heights of up to 600m.
