Location:

Cala Anguila is a small bay on the east coast of Mallorca. The beach is located between the two small vacation resorts of Cala Mendia and Cala Magrana. The larger town of Porto Cristo is three kilometers to the southwest.

Cala Anguila lies deep in a beautiful bay with cliffs on both sides. You can see pine trees and palm trees from the beach.

The sand is light and fine and the water is crystal clear with beautiful turquoise tones. An incredibly beautiful beach.
