Description:

This modern apartment building with a large communal pool, whirlpool, playground, green area, underground and outdoor parking spaces is currently under construction in Sa Coma. Nearby you will find sandy beaches with turquoise crystal-clear water, cliffs and green areas for swimming, hiking and walking.

A total of 29 apartments are being built, each with 2 or 3 bedrooms with a terrace, balcony or roof terrace. The interiors are bright and spacious thanks to the large windows and balconies. The south-facing development offers magnificent views of the sea and/or the surrounding area. Apartments are available on the first floor with a garden terrace, on the first and second floors with a balcony, or as a penthouse with an additional roof terrace.

Each apartment has an outdoor parking space, which is included in the price. The apartments are equipped with air conditioning hot / cold with air heat pump, both bathrooms with underfloor heating, ISO windows, fitted kitchen (without electrical appliances) and a utility room. Upgrades such as underfloor heating are possible.

Completion is planned for the end of 2023 and handover from spring 2024.
