## Infrastructure:

## Description:

---

In the heart of the picturesque village of Son Servera, this newly built townhouse combines the charm of Mallorcan architecture with modern living comfort. With a constructed area of approx. 160 m<sup>2</sup>, spread over three levels, the property offers a well thought-out room layout for the highest standards of style and functionality - ideal for anyone looking for Mediterranean flair and contemporary living in a first-class location.

Construction is scheduled to start in November 2025 and is expected to take 12 months. During the construction phase, buyers will have the opportunity to make individual adjustments to the fittings and furnishings and thus create their own personal dream home. We will be happy to provide you with the floor plans on request.

Upon entering the house, you are greeted by a spacious living and dining area that flows seamlessly into an elegant, fully equipped fitted kitchen. From here, you have a direct view of the typical Mallorcan patio, which brings a Mediterranean ambience into your home. A covered veranda extends the living space and invites you to relax or dine al fresco. A practical guest WC and a separate laundry room complete this level.

There are two comfortable bedrooms on the second floor. The exclusive master suite has its own en-suite bathroom and a spacious walk-in closet. The second bedroom has access to an adjoining bathroom and can be used flexibly as a home office or guest room. The top floor offers a multifunctional room that can be designed as a private office, fitness room or additional lounge. From here, you can access an inviting sun terrace where you can enjoy the Mediterranean climate in peace and quiet.

The townhouse boasts high-quality materials, modern bathrooms and air conditioning in all rooms (hot/cold).

The location is another highlight: just a few steps away you will find restaurants, stores and the historic town center. The popular beaches of Cala Millor and the Sa Punta de n'Amer nature reserve are just a few minutes away. Golf enthusiasts will also get their money's worth on the nearby Son Servera golf course.

The current purchase price during the construction phase is €675,000, which represents an attractive opportunity. Once the project is completed, the value is expected to be €775,000. Take advantage of this opportunity to secure an exclusive home in one of the most sought-after locations in the northeast of Mallorca.

This townhouse is the ideal choice for anyone who wants to experience tradition and modernity harmoniously combined - with a high level of comfort, a central location and great potential for appreciation.

## Location:

---

The townhouse is located in the heart of Son Servera, one of the most charming villages in the northeast of Mallorca. The location combines the authentic Mallorcan lifestyle with proximity to all daily amenities: restaurants, cafés, stores and the historic town center are within easy walking distance.

The popular beaches of Cala Millor, Costa de los Pinos and the Sa Punta de n'Amer nature reserve are just a few minutes away by car and offer ideal conditions for swimming and water sports.

Golf enthusiasts will find the renowned Son Servera golf course, one of the oldest and most beautiful courses on the island, in the immediate vicinity. The picturesque towns of Artà and Capdepera are also within easy reach thanks to the good transport links.

This central yet quiet location makes the townhouse the perfect choice for anyone who appreciates comfort, authenticity and leisure opportunities in one of the most sought-after regions of Mallorca.
